In Memory of
GERALD MOORE

With the constant ticking of the clock, the happenings of the 1973-74 school year fade further into the past. Recalling these events may mean remembering a decision we made which will affect us throughout the course of our lives, or it may mean remembering an experience which helped us grow to be better human beings. These experiences, whether happy or sad, important or insignificant, should all be classified as memories. The 1974 TIPI has been created for the purpose of helping you to recall these memories. If, while looking through these pages, a picture or phrase causes you to think, "I remember when that happened," helps to bring a smile to your face or puts a glow in your heart, or even helps you to reflect on other personal remembrances, then it has served its purpose.

Sincerely yours,

A handwritten signature in cursive script that reads "Shirley Vrla". The signature is fluid and elegant, with the first letters of each name being capitalized and prominent.

Shirley Vrla
Editor, 1974 TIPI

Memories . . .

Pressed between the pages of my mind

Memories . . .

Sweetened through the ages just like wine

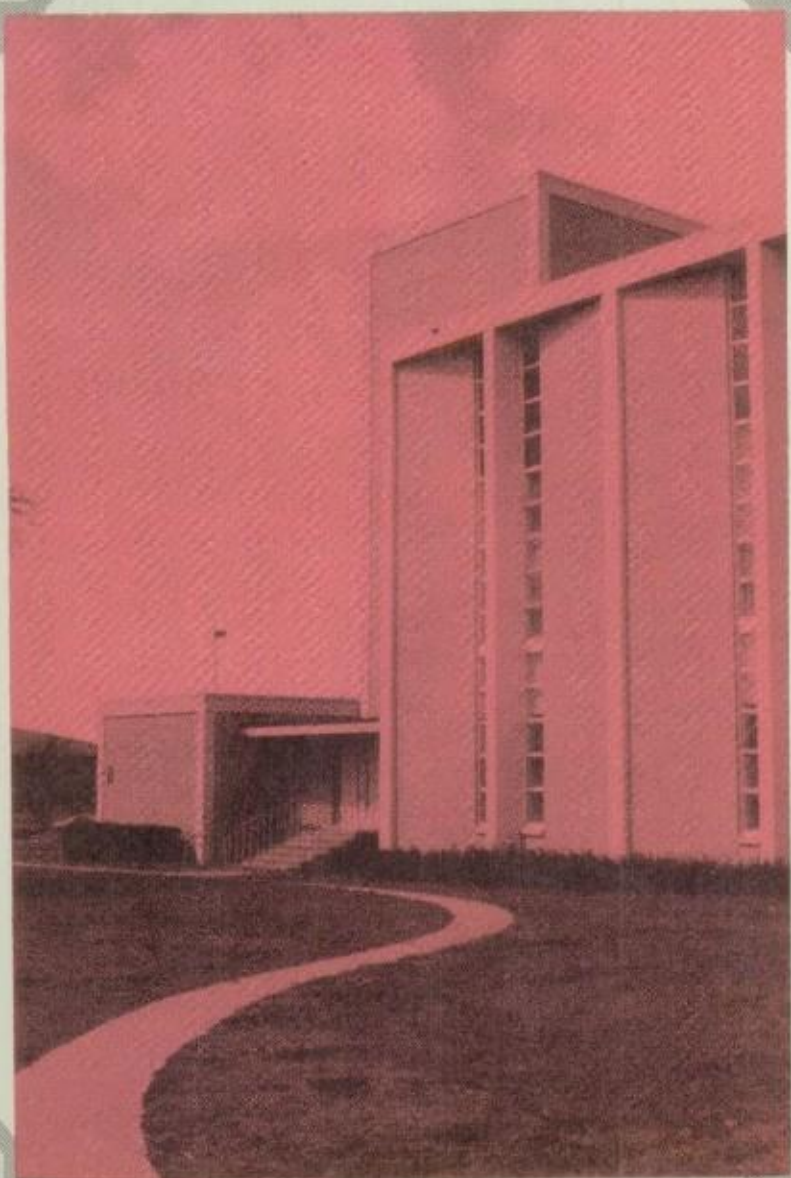

*Quiet thoughts come floating down
And settle softly to the ground
Like golden autumn leaves around my feet.
I touched them and they burst apart with sweet*

... Memories

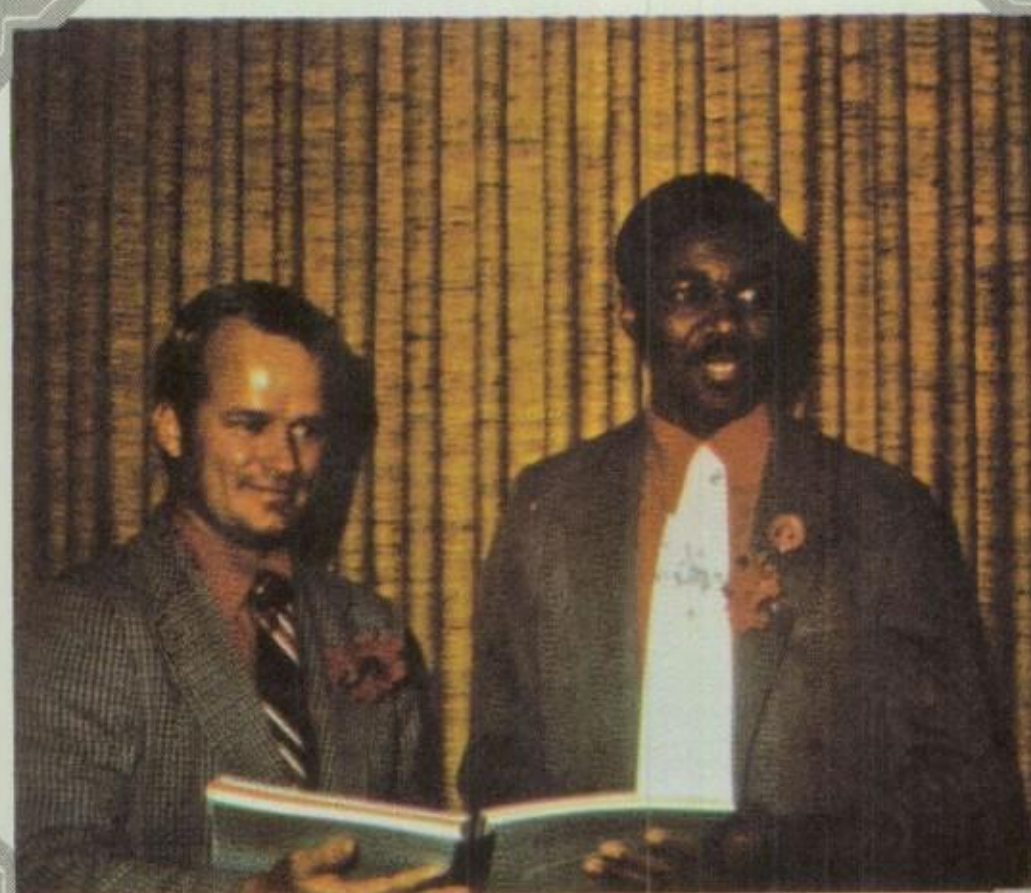

*Faded photograph,
Covered now with lines and creases:
Tickets torn in half,
Memories in bits and pieces.
Traces of love long ago
That didn't work out right.*

Memories . . .

*Of holding hands and red bouquets
And twilights trimmed in purple haze . . .*

*Of laughing eyes and simple ways
And quiet nights and gentle days with you.*

We salute H. Grady Spruce

For its glories and its truths.

We salute H. Grady Spruce

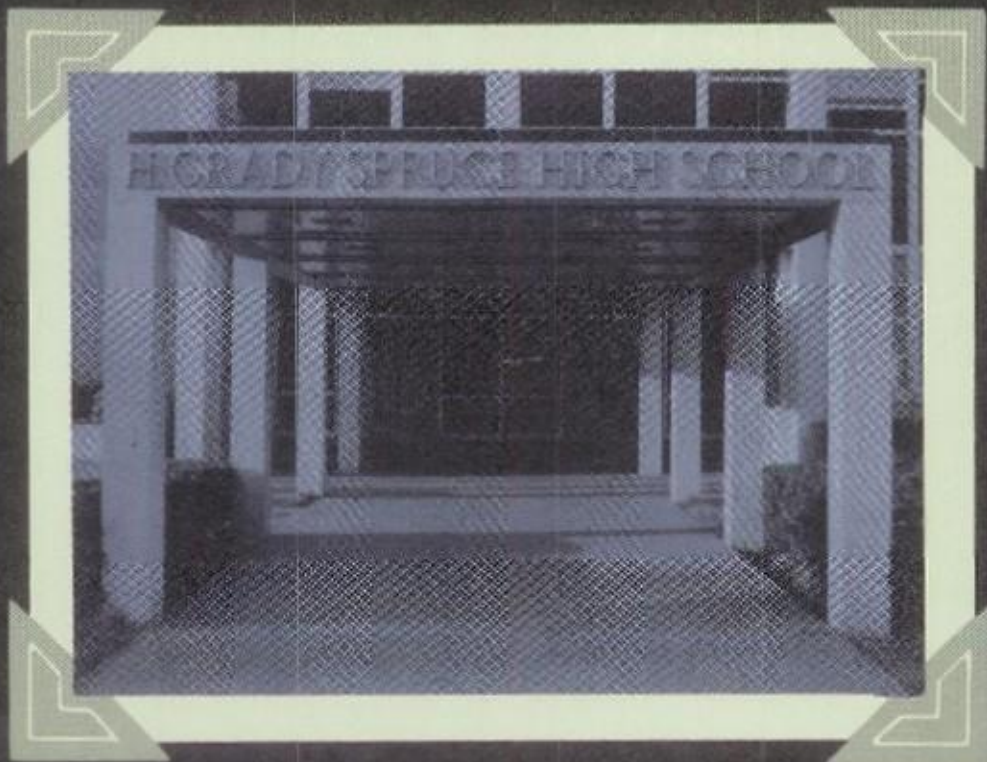

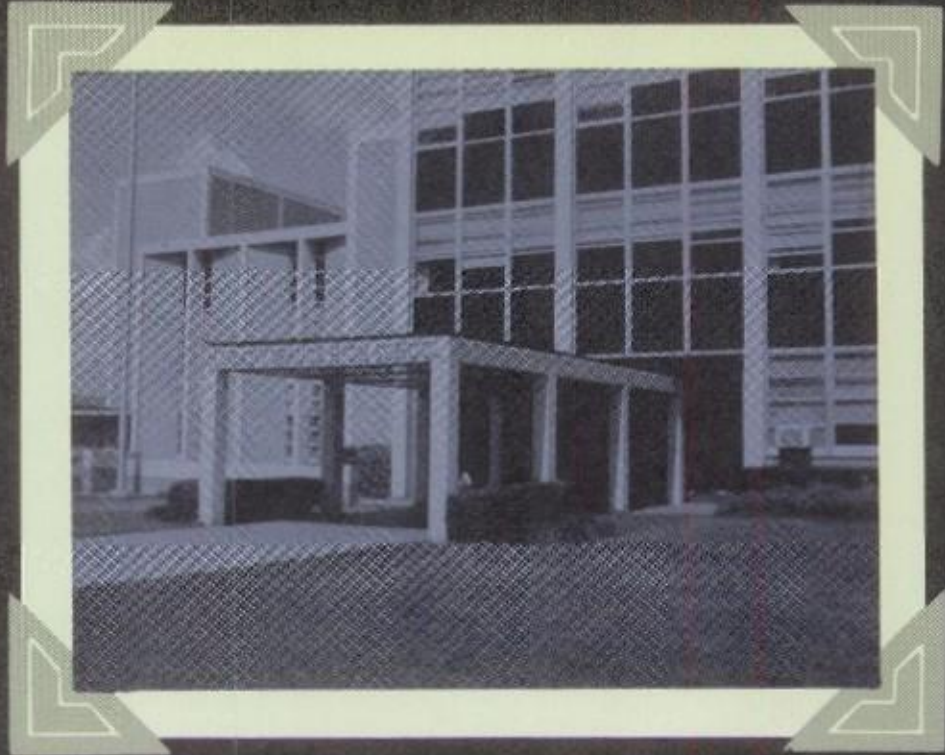

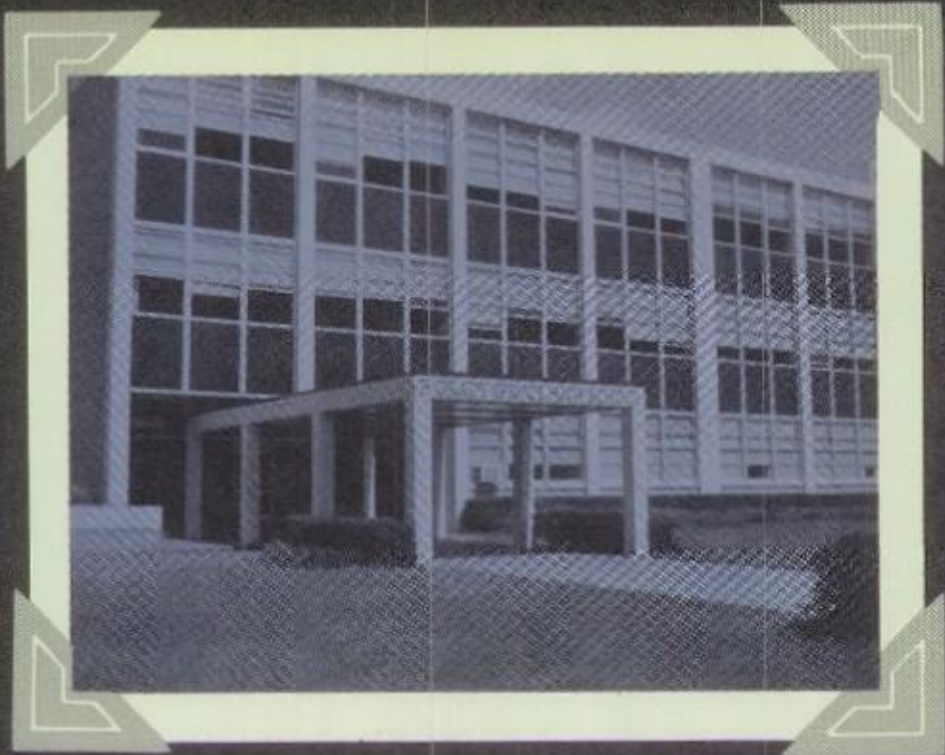

For the memories of our youth.

To the oaks that 'ere surround us,

To the halls that 'ere have bound us,

Alma Mater . . . hail to thee;

Alma Mater . . . hail to thee.

DEDICATION

He has untiring devotion to his work and enjoys helping others. This is shown outwardly by his constant smile and cheerful outlook on life and his genuine concern for the welfare of others. It is shown by a willingness to go a step further than others to see that the job is done and to see that all possibilities are weighed before a decision is made. The students of H. Grady Spruce have observed these qualities in him and we value them highly. In recognition of the value and rarity of these characteristics, we dedicate the 1974 TIPI to their possessor,

You could spend as much to learn a skill as we'll pay you.

You've graduated from high school, and you're looking for a good job. But to get one, you need training that could possibly cost hundreds of dollars in trade or technical schools.

Today's Army offers you this training, and a salary, too. **\$326.00** a month before deductions, to start. And that's money in the bank when you consider that expenses like food, housing,

medical and dental care are all free.

We have over 200 excellent job-training courses. Taught by qualified, professional instructors, with equipment you can't wait to get your hands on.

And you can pick the training you want. In electronics, communications, law enforcement, food service, administration, construction, you name it. If you're qualified, we'll guarantee it, before you enlist.

So if you'd like a headstart on your career, at our expense, see your local Army Representative.

**Today's Army
wants to join you.**
